Elon Musk's Recode interview

"I don't really think that much about competitors. I just say like, you know, how do we make our cars as good as possible? How do we make sure we have like the best engineering and manufacturing talent in the world?"

It's sort of like the old adage with, you know, running ... If you start looking at the other runners, it's not good, you know. Like, you can lose races because of that."
